1.1 Purpose and Intent

This Request for Proposal (RFP) is issued by the New Jersey Department of Environmental Protection (Department), Division of Parks and Forestry (Division), Forest Fire Service, on behalf of the State of New Jersey (State). The purpose of this RFP is to solicit proposals from qualified bidders to provide the following specific aeronautical services at Andover–Aeroflex Airport, located in Andover Township, Sussex County, New Jersey: (Lease #2) Aircraft Maintenance and Sale of Parts and Accessories; (Lease #3) Avionics Sales and Maintenance Business; and (Lease #4) Fabric Aircraft Restoration (collectively referred to as “aeronautical services”).

Bidders may submit proposals for more than one aeronautical service. Separate bid proposals must be submitted for each aeronautical service.

The Department is seeking tenants who have experience and knowledge in performing and providing approved aeronautical services, as outlined in the Andover-Aeroflex Airport Facility Operations Manual, a portion of which is attached hereto as Exhibit A.

(Note: The excerpt of the Operations Manual attached as Exhibit A lists six service providers. This RFP is for only three of the six service providers, as listed above and throughout this RFP.)

All Bidders must meet all requirements outlined in the Minimum Standards for Aeronautical Activities and as set forth in the Andover-Aeroflex Airport Facility Operations Manual (found in Exhibit A).

Each winning bidder will enter into a five-year Lease with the Department and will have the potential to renew the Lease for an additional five-year term. The successful bidder(s) will pay the State a fixed rent with a three (3%) percent annual increase beginning in the first year of the renewal term, if the Lease is renewed.

The intent of this RFP is to award a contract for each aeronautical service in the form of a five-year Lease to each responsive bidder whose bid conforms to the requirements of this RFP and is most advantageous to the State.
